

If your carrier's technology platform is obsolete, how long before your program business will be too?

Upgrade to SPARTA's industry leading policy administration system.

Relying on outdated carrier technology for program business could be a fatal error. In today's competitive world, efficiency is critical to profitability. Let SPARTA's web-based system empower you to:

- > Administer your programs in real-time, online
- > Accelerate your speed to market
- > Seamlessly exchange data with other systems
- > Access complete program information and analytics anytime

Update to growth 2.0. Contact SPARTA at 860.275.6500 or spartainsurance.com.

Coverages: auto | general liability | property | workers' compensation
Classes: commercial retail | wholesale | service | light manufacturing | habitational

Specialty Program and
Risk Transfer Alternatives
